BOBSLED EXPERIENCE

Experience a thrill of a lifetime in a bobsled on the Salt Lake 2002 Olympic Winter Games Sliding Track on our Winter Bobsled Experience. The Track was home to bobsled, skeleton and luge events during the 2002 Salt Lake Olympic Winter Games. One of our professional pilots takes passengers on a thrilling ride down the the 2002 Olympic track. It's an Olympic experience not to be missed! Please note: Riders must be 16+ years of age and 100+ lbs. to ride.

The Winter Bobsled Experience is a highly physical and extreme experience, generating up to 4-5 times the force of gravity.

Even though the ride lasts less than a minute, with check-in and orientation, the winter bobsled experience may take up to one hour and 15 minutes.
